Waves Upgrades

- 1. Snow Foam \$30**
A thick, clinging foam that is sprayed onto your vehicle prior to washing. This world-class process helps to break down grime and traffic films while encapsulating large dirt particles to ensure the softest wash possible.
- 2. High Gloss Spray Wax \$30**
High Gloss Spray Wax is the world's best after-wash gloss enhancer, boosting gloss and reflectivity on paintwork, glass and chrome. It also adds a layer of protective polymers to protect against UV and traffic film build-up.
- 3. Engine Bay Detail \$90**
A safe yet thorough clean of the under bonnet, engine bay and surrounds, finished with a light polymer dressing to rejuvenate and protect rubber hoses and plastic components.
- 4. Paint Decontamination \$90**
A thorough, 4-stage paint decontamination, including: IronX ferrous particle remover, tar remover, clay bar treatment & oil and residue remover. The only professional way to truly cleanse the surface of your vehicle.
- 5. Leather Clean & Feed \$150**
Your car's leather interior needs to be replenished with special oils to maintain its soft and supple appearance. Our gentle cleaning techniques and world-class Swissvax™ products will keep your leather looking and smelling great!
- 6. High Gloss Polish & Wax \$150**
A soft machine polish that lightly cleanses, polishes and seals your paintwork with a high gloss wax. An affordable polishing solution that delivers paint clarity and a luminescent shine.
- 7. Carpet Extraction Shampoo \$150**
Unlike some cheap and ineffective methods, our high quality extraction machines will treat your car's dirty fabrics to the clean of a lifetime by removing unsightly spills, stains, germs and built up contamination. Keep your car fresh and your family safe.
- 8. Metal & Chrome Polishing \$POA***
Removes surface oxides that discolour the metal/chrome/alloy, while coating the surface with a water-repelling film to protect from further tarnishing and oxidation.

Paint Correction & Protection

Paint Correction

We love polishing! It's our specialty. Our DETAIL PRO's will professionally and safely correct your car's painted surfaces by removing unsightly swirls, scratches and other defects.

The Paint Correction Process

Inspect and assess contaminated and damaged surface layer of clear coat.

Technician decontaminates and polishes clear coat to produce a smooth and even surface.

Thickness to clear coat is restored with superior CQuartz FINEST ceramic coating.
